

Project Objective

Team id : PNT2022TMID33686

- • Improve the understanding of disaster risk, hazards, and vulnerabilities
- • Strengthen disaster risk governance at all levels from local to centre
- • Invest in disaster risk reduction for resilience through structural, non-structural and financial measures, as well as comprehensive capacity development
- • Enhance disaster preparedness for effective response
- • Promote “Build Back Better” in recovery, rehabilitation and reconstruction
- • Prevent disasters and achieve substantial reduction of disaster risk and losses in lives, livelihoods, health, and assets (economic, physical, social, cultural and environmental)
- • Increase resilience and prevent the emergence of new disaster risks and reduce the existing risks
- • Promote the implementation of integrated and inclusive economic, structural, legal, social, health, cultural, educational, environmental, technological, political and institutional measures to prevent and reduce hazard exposure and vulnerabilities to disaster
- • Empower both local authorities and communities as partners to reduce and manage disaster risks
- • Strengthen scientific and technical capabilities in all aspects of disaster management
- • Capacity development at all levels to effectively respond to multiple hazards and for community-based disaster management
- • Provide clarity on roles and responsibilities of various Ministries and Departments involved in different aspects of disaster management
- • Promote the culture of disaster risk prevention and mitigation at all levels

- • Facilitate the mainstreaming of disaster management concerns into the developmental planning and processes
